The Northern Rivers Difference

We work with every youth and family in our care to provide person-centered, client-driven services that helps everyone in our educational programs work toward meaningful goals and achieve success. With small class sizes, a culture based on respect, and our use of hands-on, alternative, and experiential teaching methods in conjunction with traditional traditional instruction, we do everything in our power to ensure student success.

Northern Rivers is guided by a set of universally accepted principles that guide the actions of every member of our family. We organize these values through the acronym **HOPE**.

Honor: To help others is the highest calling; we strive to do what is right for those in our care.

Optimism: We believe things can get better if we work together, aim higher, and set meaningful goals.

Progress: Every day provides an opportunity to improve, and we promise to continue striving.

Excellence: We hold ourselves to the highest standards, because our communities deserve the best from us.
