Northeast Parent & Child Society  
and Parsons Child & Family Center.*

Our Mobile Crisis Services teams are comprised of licensed clinical supervisors and clinicians, family advocates, peer support specialists, and case managers. In teams of two, team members are deployed to assist adults, children, adolescents, and their families resolve emotional and behavioral health crisis situations.

We help prevent unnecessary hospitalization and emergency room visits by stabilizing the crisis in the most normalized, least restrictive setting.

Mobile Crisis Services teams function within a continuum of related services throughout the community to build an integrated crisis system that meets the needs of all adults, children, adolescents, and their families.

### Our Goal

We strive to provide strength-based and family-focused crisis solutions, where individuals and family are. Our community-based, culturally sensitive, and inclusive model preserves the family system, works to prevent unnecessary hospitalization, and gives hope to clients and families.

### Our Approach

In the least intrusive manner, we:

- Work to prevent higher, more restrictive levels of care using natural resources and community-based supports
